AERO CLUB OF POLAND

23rd Polish National Gliding Championship in Club Class A

9 - 17* MAY 2025, LESZNO, POLAND

BULLETIN 1. v.2 , February 2025

Dear Friends,

On behalf of Leszno Aeroclub and Leszno Airfield Foundation I am honoured to invite all glider pilots to take part in 15th Polish Gliding Championship in Club A Class. This championship will be held together with Nationwide Gliding Competitions in Club Class A, at Leszno Airfield (EPLS) from 09th to 17th May 2025.

Leszno Airfield is one of the most known sport airfield in Europe, where you can find safe area for long and fast flights (the speed record of 170 km/h on the distance 360 km was set here). The beginning of May is statistically the best period with very good gliding weather, crops in the fields are still low, towing pilots are hungry for flying. What more could gliders pilots want?

Despite the difficult times, including the tragic conflict in Ukraine (which fortunately is more than 700 km away from us and has no impact on the operations at Leszno Airport) we believe that it'll be a great, exciting and safe championship.

Here you can find some important information:

1. Place and Date:

The Championships will be held on **09 - 17* May 2025**, at Leszno airfield (EPLS), situated in the Western Poland between two big cities: Poznań and Wrocław and about 300 km west of Warsaw.

The 100 hectares grass airfield has two parallel strips (23- 05) of 920 x 50 m and one (18–36) strip of 880 x 50 m.

- Aerodrome Reference Point: 51°50'06"N 16°31'19"E,
- Radio frequency: 122,305 MHz
- Elevation: 94 m. / 308 feet AMSL.

There is a big secured parking area for trailers and gliders, with water and power supply.
